Introductory Note

IT is primarily through the suggestion and the generosity of a member of the Board of Trustees, who has defrayed a large proportion of its cost, that we are able to offer this volume to the Lake Forest family and friends. The book represents a condensed summary of information now permanently on file in the College office. The collection of the data has been a long and difficult task, and the records can hardly ever be made complete, but the task of gathering them would have been much more difficult a few years later. Hence the book is timely, and it is hoped that it may have historic value, containing as it does the names of all who have been enrolled in the College catalogues as officers or students; that it may serve as the basis for future compilations; and especially may so stimulate the interest of its readers that they may help us *at once* in the correction of errors and the supplying of new information where it is obviously lacking.

The book represents the result of persistent labor for more than a year. The chief difficulty, aside from our inability to get any trace at all of perhaps fifty individuals, has been the failure to get any response to our inquiries in the case of many whose addresses were known with tolerable certainty. Some of these persons have, however, promptly subscribed for the book. We trust the volume will prove to them the value of accurate and complete records in every case as well as the impersonal use we make of them.

In the class lists it will be noticed that the class presidents and secretaries are designated in caps for the classes since 1900. It has been impossible to get trustworthy information about the class officers before that date. We should be glad to know the names of these officers, if so recognized, for the earlier classes, and we urge that in each class at least a secretary be named or appointed. The ideal *official* relation between a college and its alumni is maintained through the class secretaries: we hope that in time each secretary will feel himself responsible for the accuracy of his own class roll.

Attention should be called to a few points by way of comment or explanation.

When the State is not given, Illinois is to be understood.

In a number of cases there may be disagreement of opinion as to the class designation of non-graduates: in determining this we have been guided by the Registrar's books.

All non-graduates are credited with the full year, or years, in which their names were catalogued, though often they did not stay out the period.

The list beginning on Page 83 gives the names of those enrolled in the catalogue but who for one reason or another did not receive college credit—chiefly because only a short time in residence.

A very few names appearing in the catalogue lists are not included in this book: in all cases they are names of those who were obviously students in the Academy or Ferry Hall.

Where no degree is given in the lists of graduates B. A. is understood. Before 1893 B. S. and Ph. B. were also given: these are designated.

The degrees of M. A. or M. S. "in course" have not been given since 1893, and only to members of college classes previous to '91.

The Committee wish to express here their obligation to Miss Sarah J. Burchill of the Class of 1913, whose assistance has been invaluable in the preparation of this volume. Whatever merit it may have in the way of accuracy and consistency is due to her care and good judgment.

Our last word is a repetition: corrections or additional information will be gratefully received: No doubt a number of changes have transpired since the copy was made up.

President's Greeting

To the Alumni and Former Students of Lake Forest College.

Dear Friends:

For the first time we are offering you a complete list of the Lake Forest family, including the names of all those who were here long enough to become really identified with the life of the College. It is a goodly family, counting sons and daughters to the number of six hundred, and almost a full regiment of foster children. You will be interested to see how this big family is represented in every corner of the globe; how it is devoting itself to a wide variety of useful and honorable occupations; how largely its energies are directed to work that is unselfishly serviceable. Created and supported by the faith and sacrifice of public-spirited Christian men and women, the College has paid upon all the investments in its work large dividends in the character, the spirit, and the efficiency of the many hundreds of students who have carried the Lake Forest influence throughout our country and to the ends of the earth.

Lake Forest College is still a very young institution, less than forty years old, a mere infant compared with the venerable institutions of the land. In this short time, by dint of honest work and fidelity to high ideals, Lake Forest has made its way into the restricted list of standard American colleges whose degree is accepted everywhere without question at its face value. You, the Lake Forest Alumni, by representing your *Alma Mater* worthily in the graduate schools of the country, have contributed largely toward winning for your College this high standing.

You will be pleased to know that the College is steadily increasing in strength as the years go by, not only in numbers, but what is more important, in real vitality. One evidence of this is probably familiar to you, the extraordinary vigor of our student activities. Even more gratifying, though less spectacular in its manifestations, is the steady improvement of the scholastic work of the student body as a whole. The consistent preference for quality rather than quantity is justifying itself in the development of the inner life of the College.

You, the Lake Forest Alumni and former students, can help mightily in the further development of your *Alma Mater*.

You can recruit new students of the right kind by interesting the best boys and girls of your communities in Lake Forest. You can tell them honestly that we have here a real College, with the best standards and the highest national reputation, with good teaching, unusually complete equipment, and abounding student life; in an environment of such beauty that it is an abiding inspiration.

You can talk Lake Forest to your friends, with the assurance that your loyalty is justified by demonstrable facts.

You can associate yourself with other Lake Foresters into local or state Alumni Associations, which should be represented in the Alumni Advisory Board, so that your influence may count directly in the management of the College.

You can keep personally in touch with the College office, knowing that information about yourselves and other alumni of whom you know is always welcome and that your suggestions and criticisms will be carefully considered.

You can give "as you have been prospered" to the funds of the College, thus making at least a part payment on your indebtedness to the generous givers who made your College course possible. You can interest others in the College, assuring them that there can be no better investment of money than in the training for service of men and women of the Lake Forest type.

You can come back to Lake Forest whenever you are within reach, and particularly at Commencement time, to keep closely in touch with the College and its life, and to help us who are on the ground with the encouragement of your loyal interest.

Above all, you can exemplify, wherever you are and whatever your circumstances, the spirit of Christian serviceableness in which the College was conceived and fostered; and you can help by your thought and your active interest to perpetuate in this beautiful place a center of high cultivation and noble thinking and devoted self-giving that shall radiate blessing to all nations.

Fraternally yours,

JOHN S. NOLLEN.

Lake Forest, April 25, 1914.

Alumni Associations

We reproduce here substantially the statement printed in the annual catalogue for 1913-14, and in addition the action of the Trustees in June, 1913, looking towards the formation of an Alumni Advisory Board. With respect to the latter, we hope that the publication of this book, particularly the geographical list, by showing the grouping of Lake Foresters in cities, localities, and States, may lead to the formation of a number of new Lake Forest Clubs, and thus make possible the organization of a representative Advisory Board. In two or three cases clubs previously formed no longer have any active existence and are not listed here.

THE GENERAL ASSOCIATION

The object of this Association is the cultivation of social relations and the perpetuation of fellowship among the alumni and former students, the advancement of the interests of the College and the extension of its influence.

Membership in this Association is of three classes—graduate, associate and honorary. To the first class are eligible all graduates; to the second class, all former students who have been in attendance at the College for two years; and to the third class, members of the faculty, former students not eligible as associates, and others, who by reason of exceptional devotion to the interests of the College may be elected by the Association to such membership. The active members of this Association are expected to pay to its treasurer an annual fee of one dollar or more, for the maintenance of scholarships and for contingent expenses. The annual business meeting and dinner of the Association will be held in Lake Forest on Tuesday evening, June 23rd, 1914. The officers for 1913-14 are:

President.....George T. Rogers, '02, Lake Forest
First Vice-President.....Mary Jackson, '04, Lake Forest
Second Vice-President .....
.....Elizabeth Zwilling, '13, 219 N. Central Ave., Austin
Secretary and Treasurer.....A. Duane Jackman, '06, Lake Forest

The Alumni Fund, which was created eight years ago, is open to class and individual subscriptions, and is devoted to two purposes, as follows:

I. Half of the contributions each year will go to the establishment of a permanent fund, the principal of which will be kept intact.

II. The second half will form a current fund, and will be used to satisfy needs which the general funds of the College cannot supply.

Subscriptions for this fund should be sent to Mr. A. Duane Jackman, Lake Forest.

CHICAGO ALUMNI CLUB

This club is composed of men residing in or near Chicago, and consists of alumni and former students of the College. It is organized for the purpose of maintaining college affiliations, and of promoting a strong feeling of interest and devotion among former students of the College. Occasional meetings of the club are held in Chicago, at which luncheon or supper is served, followed by a business meeting and an informal social gathering. The annual meeting for the election of officers is held in April.

The officers for 1913-14 are:

President.....Geo. T. Rogers, '02, 801, 107 So. La Salle St.
Vice-President....Rev. W. W. Johnstone, '88, 1310, 19 So. La Salle St.
Secretary and Treasurer.....K. M. Shankland, '06, 1208 Michigan Ave.

During the present year, an effort is being made to bring before the club, through reports by committees, actual conditions at the College, educational, physical, social and athletic, and administrative.

OTTUMWA, IA., ALUMNI CLUB

This club was organized in 1911, to include in its membership alumni, former students and undergraduates residing in Ottumwa or vicinity. Two annual banquets have been held in the Christmas holidays, and other meetings are held from time to time. The present officers are:

President .....Irl M. Baker, '10
Vice-President.....Wallace B. Graham, '11
Secretary and Treasurer.....Clara B. Enoch, '10

OREGON ALUMNI ASSOCIATION

This Association was formed April 19th, 1912, at a meeting in Portland. There are some thirty alumni and former students in Oregon, and it is hoped through occasional meetings in Portland, where the majority of them are located, to promote fellowship and to benefit the College.

The officers for the present year are:

President.....R. H. Crozier, '93, 627 Railway Exchange, Portland
Secretary-Treasurer.....W. E. Stone, '08, 204 Beck Building, Portland

ALUMNI ADVISORY BOARD

Following is the action of the Board of Trustees at their meeting in June, 1913, with respect to the proposed organization of the Advisory Board of the alumni:

Resolved, That provision be made for an organization of the Lake Forest University Alumni in an Alumni Advisory Board for the purpose of bringing in close touch with the Board of Trustees the Alumni of the College, Academy and Ferry Hall.

The Board shall be elected from accredited members of the various alumni bodies throughout the country and shall act in an advisory capacity to the Board of Trustees. Every Lake Forest College Alumni Club consisting of ten or more alumni shall be entitled to one representative; twenty members to two representatives, and thirty or more to three representatives. No club or body shall be entitled to more than three representatives. The alumni of the Academy through their regular organization may delegate three representatives and the Alumnae of Ferry Hall may similarly delegate three representatives to this Board.

The President of the University, Secretary of the Board of Trustees and the Secretary of each of the general College, Academy and Ferry Hall Alumni Associations shall be ex-officio members of the Advisory Board.

The reasons for the organization of this Board are:

First. To be in close touch with the needs of the Institutions. The members shall at their annual meeting recommend to the Board of Trustees for action such policies as in their judgment will be beneficial along lines of discipline, publicity, curriculum, athletics or the social life of the institution.

Second. To consider such matters as may from time to time be referred to them by the Board of Trustees and ascertain the wishes of the general body of the Alumni in regard to the same.

College Alumni Clubs may combine under an Association if desirable in order to complete the number necessary to elect a delegate from contiguous territory. The regular associations of the Academy Alumni and Ferry Hall Alumnae may each year elect their representatives to this board.

The annual meeting shall occur on the Monday just preceding the annual meeting of the Board of Trustees on the Tuesday before Commencement.

The place of the annual meeting shall be Lake Forest.

The communications from this Advisory Body to the Board of Trustees shall be regarded as privileged business to be considered without delay.

The Board of Trustees entrusts to the Advisory Board, subject to later approval, the power to determine the following matters:

A. The Clubs eligible to representation on the Advisory Board.

B. The qualifications of members of the Advisory Board.

C. By-laws and regulations of the meetings of the Advisory Board.

The following organization is suggested:

Chairman, elected each year.

Secretary, elected each year.

Executive committee of five members, elected each year, of which the Chairman and the Secretary shall also be members *ex officio*.

The Committee to fill vacancies in its own number until the next annual meeting.
